

Dobbs Ferry School District Parent Organizations

The Dobbs Ferry PTSA is a 100% volunteer-run organization, working together to enhance the educational experience of every student. Membership is open to anyone who believes in our mission in providing the highest quality education for our students. We collaborate with the district to fulfill this mission by advocating for the needs of the students on all levels, and by helping to support and fund programs that enrich school curriculum. Our many activities include conceptualizing and implementing programs and services, fundraising for all our initiatives and helping the schools bring some of their programs to life.

By joining and volunteering your time to the DFPTSA you become a member of a parent community with a shared passion for helping our students and schools excel to the highest level. Together we are the most powerful voice for our children. If you would like more information or to get involved and become a member please contact SPRVP.DFPTSA@gmail.com or visit us at our website <http://www.dobbsptsa.org>

The Dobbs Ferry Schools Foundation is a parent volunteer, local, tax-exempt, not-for-profit charitable organization with one purpose: we exist to provide financial resources that enhance the educational environment throughout the Dobbs Ferry Schools, enabling the District to provide opportunities to students that are not possible using District budget funds alone. We aim for excellence in all aspects of learning, supporting students to realize their full potential through resources and opportunities.

The Foundation works with our school administration, principals and faculty to accelerate innovation and to support strategic goals, programs, curriculum and equipment. The Foundation funds a wide array of programs, initiatives, and equipment in all aspects of our children's education including technology, the arts, academics, staff development, academic scholarships, playgrounds and other structural investments. The programs may target a specific class or grade, or an entire school.

We were founded by Dobbs Ferry parents in 1994 and since that time we have raised over \$4.5 million through individual contributions, as well as through public and private grants. Our fundraising has included a spring Gala and auction, and a winter Annual Appeal. Please visit our website to learn more: <https://www.dfsfoundation.org/>
