

Curriculum and Instruction Meeting
April 27, 2022
Minutes

Agenda

Attendance:

Shannon Stringer	BOE Member
Brooke Bass	BOE Member
Lisa Brady	Superintendent
Darrell Stinchcomb	Assistant Superintendent
Josh Rosen	Math Specialist K-8

1. Tri-States Visit May 4th-8th

<http://bit.ly/TristatesDFSD22>

Dr. Stinchcomb provided an overview of the Tri-States visit. The essential questions were provided along with what the school district is expecting from the participating members to provide to the district. The Tri-States team will provide a report that will be shared with the building administrators and the members of the C&I Committee.

2. Math Pilot Program-Discussion

Josh Rosen, Math Specialist K-8

Josh Rosen presented the two math programs to be considered for grades K-8. Mr. Rosen and Dr. Stinchcomb discussed the Pilot program. Mr. Rosen presented data on the responses and feedback from the teachers who participated in the pilot program. Dr. Stinchcomb and Mr. Rosen will meet with Dr. Drake and Mr. Mussolini to discuss the pilot program. The administrators will meet with Dr. Brady to decide on which K-8 math program will be implemented for Dobbs Ferry.

21 K-8 teachers completed one unit of each program during the year with their students. As part of the evaluation, Josh Rosen created a google form that asked teachers to evaluate the program based on 33 criteria (based on NCTM and EdReport standards), as well as having individual follow-ups with each teacher for more qualitative data. In addition, Dr. Stinchcomb facilitated a group discussion of the experiences of the teachers with the new programs.
