

COVID-19 Vaccination Survey

Link for COVID-19 Vaccination Survey

<https://docs.google.com/forms/...>

December, 2021

Dear Dobbs Ferry Parents/Guardians:

As COVID cases are on the rise we need students' vaccination status so we can address positive cases, quarantine, and athletic cancellations in a timely manner. Vaccines for 5-11 year olds have since been allowed and many of our middle and high school students have received vaccinations since our last survey.

Please complete the school's vaccination survey for each of your children so we have this information readily available. **PLEASE COMPLETE THIS SURVEY EVEN IF YOU HAVE COMPLETED IT IN THE PAST.**

The only persons with access to the information will be me and Andrew Klaich. If you do not respond, we will determine your child to be an unvaccinated person.

Thanks for your support and participation!

Sincerely,

Lisa Brady, Ed.D.
Superintendent
