COURSE OUTLINE

SUBJECT: Performing Theatre Arts

GRADE: 8

COURSE DESCRIPTION

Performing Theatre Arts offers 8th Grade students the opportunity to participate in Chorus and Theatre Arts in a class setting. Students will continue to develop their vocal performance skills by singing together as a choir. Students will also have the opportunity to: study and perform acting; be introduced to various aspects of technical theater including directing, stagecraft, costumes, stage make-up, publicity, and design; participate in all aspects of a theatrical production; and see and analyze live performances. As an MYP Arts class, all students in Chorus/Theatre Arts will create and maintain a process journal, demonstrating their growth and achievement as students of Chorus and Theatre. Students will be assessed using Criterion A: Investigating; Criterion B: Developing; Criterion C: Creating/Performing; and Criterion D: Evaluating. This class meets every other day, so independent practice is important to help students improve and develop the necessary musical and acting skills. Students are expected to perform at: two concerts each school year, the 8th Grade Stepping Up, and one 8th grade Theatre Arts Play in order to showcase their hard work and growth.
