COURSE OUTLINE

SUBJECT: Language Acquisition A Italian

Grade: 7

Course Description:

The world is our home and the way to begin understanding the world is by learning languages which in turn helps us learn about people and cultures. This will be the focus of our study.

This course is a continuation of language study in 6th grade. Students will have already acquired a foundation in the use of basic vocabulary words and correct pronunciation. This program integrates all aspects of language learning: speaking, reading, listening skills and writing.
