Course Outline – Music Studio

7th Period A/C

Mr. Huneke

Course outline: This course is offered to all students who are interested in furthering their study of general music knowledge through a technology-based course. Music Studio will meet every other day for all 4 marking quarters. Upon completion of the course, students will be able to demonstrate mastery of a variety of musical concepts including musical vocabulary, listening discrimination skills, music creation, and music theory.

Grading policy:

This class is mostly project-based. Students will be given class time to complete assigned projects, and the Mac lab will be made available for students who need time outside of class to work on their assignments.

Projects: 50%

Quizzes: 25%

Class Participation: 25%

Course Materials:

Music Studio will be almost entirely conducted on computers. **The only thing that students are required to bring to every in-person class is a pair of headphones that will plug into a computer - not bluetooth.** (Headphones with a microphone will be helpful for certain assignments, but they are not required.) All assignments and notices will be posted on Google Classroom.
