

Board of Education Committees 2022-23

Established by District Policy 2250, the Committees of the Dobbs Ferry Board of Education will be purpose-driven towards creating improved conditions that foster excellent teaching and learning. Each Committee's purposes and goals will be intentionally interwoven with those of other Committees to better ensure that a comprehensive network of support is provided for students, families, staff, administration, and the full Board so as to foster a districtwide culture of continuous improvement that will better enable us to reach our annual goals.

Dobbs Ferry BOE Committee Coordination
